RESTORING DENTAL IMPLANTS IN 2018 AN EVIDENCE-BASED APPROACH

Restoring dental implants is extremely challenging. Excess cement can lead to peri-implant disease and, to date, no protocol exists for cementing implant-retained structures. Some techniques and products commonly used may be detrimental. Dr. Wadhwani presents his latest research to guide you through best practices to be aware and make safe choices.

Objectives:

- Understanding the science behind best practices
- Exploring implant disease and soft tissue health
- Understand what you need from a cement material
- ...And much more!

PRAISE FOR DR. WADHWANI

"You are a true asset to our profession. I just wanted to thank you again for the outstanding course you presented to my referral base. I received multiple emails, phone calls, and thank you notes afterwards, more so than any other speaker in recent memory that I have brought in for a day..... I'm sure your information has made us all better clinicians than we were prior to your lecture. I know it has for me."

- Dr. A, Periodontist, PA

TESTIMONIALS

“ A WEALTH OF CLINICAL INFORMATION

Over the past eleven years of our study club, we hosted a multitude of speakers of national caliber covering the topic of implant dentistry. Dr. Wadhvani can be described as an “out of the box” speaker. He stunned every attendee with a wealth of clinical information and unconventional research content on the subject of implant dentistry. His reviews were phenomenal, and we would love to have him again amongst us.”

- Randa Farah
Comprehensive Dental Excellence Forum

“ MAKING DENTAL CONFERENCES FUN

“I do these events weekly so after a while, you think you’ve heard it all, seen it all... Dr. Wadhvani’s lecture was one of the few I sat all the way through. I enjoyed hearing him speak - he had us laughing and we found it was actually FUN!”

- Sven Jesse, Jesse & Fritchtel Labs

“ A BRIGHT FUTURE FOR DENTISTRY...

Your presentation was very well received by both the residents and our faculty [at OHSU]. It is dedication like yours that inspires us all and will provide a bright future for dentistry.

- J. Katancik, DDS, Ph.D., OHSU

“ I WISH WE ADDED MORE SEATS!

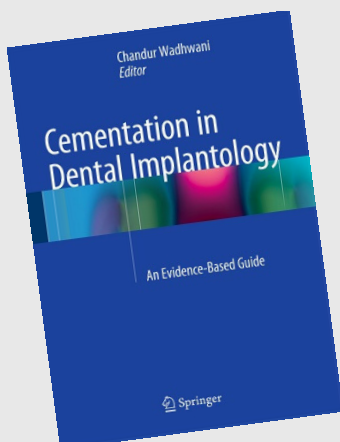

I have had Dr. Wadhvani speak 4 times at our study club and always enjoy hearing from him. This last time, we were technically at capacity but I wish we had added more seats!

- M. Shelley, Custom Dental Aesthetics

“ OUR BEST COURSE IN 20 YEARS...

“The reviews I received from the participants were truly the best of any course we’ve presented in the 20 years the club has been in existence. Your thoroughness, honesty, and method of delivery were tiptop. Just what they needed to hear!”

- Dr. Sean. Avera DDS, MS, Diplomate, American Board of Periodontology
